

## THE POWER OF VISUALIZATION

*Dr. Lee Pulos PhD, ABPP*

### TAKE HOME TECHNIQUES FOR HEALTH, HEALING AND GOAL SETTING!

Many psychologists are now recognizing imagery and visualization as among the most powerful tools in cognitive psychology.

The earliest visualization techniques ever recorded are from over 4,000 years ago. This workshop will open the mind's eye to the rich inner world of our imagination, integrating ancient and modern techniques for creating and achieving goals, optimizing health, identifying subconscious road blocks, developing intuition and creating our most optimal, healthy and fulfilling future possible.

The seminar will be 80% experiential and 20% lectures. This powerful one-day experience is **open to healthcare professionals and to the public.**

*Dr. Lee Pulos, PhD, ABP*

Dr. Lee Pulos is a clinical psychologist who earned his undergraduate degree at U.C.L.A. and his Doctorate in Psychology at the University of Denver. Upon graduation he held a clinical appointment at Indiana University Medical School and was a Postdoctoral Fellow in the Department of Psychiatry at the University of Wisconsin. Lee has been awarded a Diplomate in Clinical Psychology by the American Board of Professional Psychology (ABPP) and is currently Clinical Assistant Professor Emeritus in the Department of Psychiatry at the University of British Columbia (UBC). He is a past president of the BC Psychological Association and the current President of the Canadian Society of Clinical Hypnosis (BC Div), and conducts ongoing training for health care professionals. Dr. Pulos has published numerous professional articles and has written several books, including **Beyond Hypnosis and Miracles and Other Realities.** His most recent publication is **Fearless and Free: Using EFT for Healing and Vitality.**

## The Canadian Society of Clinical Hypnosis

The Canadian Society of Clinical Hypnosis (B.C. Division) is an organization of professionals in medicine, psychology, dentistry, and other allied professions, who share scientific and clinical interest in hypnosis. The Society was incorporated in 1961 and is a component section of the American Society of Clinical Hypnosis (ASCH).

The Society currently has approximately 150 members. It endeavours to provide and encourage education programs to further, in every ethical way, the knowledge and understanding of hypnosis and to promote the acceptance of hypnosis as an important tool of ethical clinical medicine, psychology and dentistry. Our membership supports and conducts scientific and applied research into hypnosis.
